

## Teacher Education Program Themes

In keeping with our mission and vision, the Keene State College Teacher Education faculty, in conjunction with our professional contacts in the field, has generated four themes. These themes weave through our curriculum for beginning teachers and advanced-level professionals at both the undergraduate and graduate levels.

KSC education programs strive to prepare education professionals who:

**E**xplore the dynamic nature of the teaching and learning process

**D**emonstrate professional and ethical behaviors that meet high expectations and standards

**U**nderstand the world from multiple perspectives

**C**ontribute to a just and equitable world

These themes can be represented by the acronym **EDUC**.
